

Hospital Financial Assistance and Medical Policy Reference

Synthetic enterprise knowledge for policy lookup and hybrid retrieval. Provider and policy names are fictional demonstration entities, not real insurance products.

HCP-201 - MediBridge Essential Care Plan

Annual limit \$25,000; inpatient coverage 80%; pre-authorization required for planned procedures above \$5,000; emergency claims submitted within 30 days; policy term 12 months.

Metadata: policy_id=HCP-201 | policy_type=medical_assistance | access_level=patient_staff | status=active

HCP-314 - CareShield Family Hospital Plan

Annual limit \$40,000; inpatient coverage 90%; outpatient laboratory allowance \$1,500/year; specialist consultation subject to plan limits; renewal every 12 months.

Metadata: policy_id=HCP-314 | policy_type=medical_assistance | access_level=patient_staff | status=active

HCP-422 - PrimeCare Chronic Support Plan

Designed for chronic-care programs; annual covered limit \$35,000; approved disease-management services eligible after authorization; maximum 12 reimbursement submissions per policy year.

Metadata: policy_id=HCP-422 | policy_type=medical_assistance | access_level=patient_staff | status=active

HCP-508 - HealthAssist Surgical Support Plan

Procedure benefit up to \$20,000; planned surgery requires pre-authorization; room category limits apply; claims generally submitted within 45 days of discharge.

Metadata: policy_id=HCP-508 | policy_type=medical_assistance | access_level=patient_staff | status=active

HCP-611 - MetroHealth Critical Care Plan

Critical-care coverage up to \$50,000/year; emergency admission notification required as soon as practical; specified room and procedure limits apply.

Metadata: policy_id=HCP-611 | policy_type=medical_assistance | access_level=patient_staff | status=active

HCP-707 - WellSpring Laboratory Assistance Plan

Laboratory reimbursement up to \$2,000/year; selected diagnostics require referral; maximum 6 reimbursement submissions per policy year.

Metadata: policy_id=HCP-707 | policy_type=medical_assistance | access_level=patient_staff | status=active

Policy Retrieval Examples and Exact Terms

Query type	Example query	Expected retrieval signals
Exact policy ID	HCP-422 reimbursement limit	policy_id + BM25 exact match
Policy name	CareShield Family Hospital Plan	policy name + semantic similarity
Submission count	How many claims can I submit?	reimbursement + submission frequency
Authorization	Does planned surgery need approval?	pre-authorization + procedure type
Coverage	What is covered for lab services?	laboratory + policy coverage

Authorization rule

Policy documents may be retrieved only when the authenticated user role is permitted to view the policy. Personal claim details remain in transactional systems rather than being duplicated into the vector store.
